TIME NOTE

2007 COM

What is the relation between man and nature in a world of media spectacle, advertising, cool, cynicism and design fetishism?
MemeFest invites students of Communications, Sociology and Visual Arts to show response-ability and reclaim public space with their own essays, visual work and critical subversions, while commenting with them on the festival outlines:
Trailer for "The Birds" by Alfred Hitchcock.
Special categories "Beyond" and "Scream" are open for non students as well.
All work will be published online and evaluated by an international jury of leading critical thinkers, educators, artists, communications professionals and activists.

Deadline for submissions is May 20th, 2007 - www.memefest.org
