Benefits of getting involved:

By either hosting or attending the garage sales, you are encouraged to have a chat with your neighbours or the folks across the street, helping to create a closer, friendlier and safer community.

Get involved!

DO YOU WANT TO BE PART OF A CLOSER COMMUNITY?

This is your opportunity to get to know more people in the local community!

Community event!

When: Saturday 22 November, 11am til 4pm

What: Social Garage Swap & Sell

Where: In your local neighbourhood

How: You are encouraged to find a few items you no longer want to sell or swap and host a garage sale (this doesn't need to be a big one!)

The aim isn't to make money, but instead to use this as an opportunity to introduce yourself to the neighbours and other community members when you are having a look at the sales and get to know them a little bit better.

Why is this event taking place?

We all have many friends on social media located all around the world. But how many people do you really know in your street and local community? Sometimes its hard to know how to start a conversation with the neighbours or people across the street, so this local event is aiming to give you the opportunity to get involved with the local community.

We believe that having better communication and deeper dialogue within the community will lead to better understanding and create a more coherant, safer and friendlier community where disputes can be solved more easily.
